Humanities

Program Description: The Associate of Arts in English is intended to match, within the constraints of the Core Curriculum, the course of study for the first two years of a program of study in English at a four-year college or university. It provides flexibility for students desiring only an associate degree to specialize in the program of individual interests. The degree plan has a 12 hour concentration in English. It provides the basis for students to enter careers in publishing, editing, education, writing, law, and medicine.
