Program Description: The Associate of Arts in Liberal Arts is intended to match, within the constraints of the Core Curriculum, the course of study for the first two years of a program of study in English, Foreign Language, Psychology, History, Anthropology, Philosophy, or Sociology at a four-year college or university. It also provides the flexibility for students desiring only an associate degree to specialize the program to individual interests.

Use this Program MAP as an advising guide to choose courses with your advisor and track progress toward milestones and completion of degree program. The map provides students a suggested course sequence to timely program completion.

## Transfer Information

Liberal Arts degree provides a pathway to transfer to a four-year college or university where students can earn a baccalaureate degree. Students are strongly encouraged to select a transfer destination by the time they have completed 30 semester credit hours. Students should consult with their chosen transfer institution regarding recommended courses that will transfer and be applied to their baccalaureate degree program.
