ITEM 6. REVIEW AND ACTION ON:

(A) REPORT OF FINDINGS OF STRUCTURAL ENGINEER RELATIVE TO CORROSION DAMAGE TO BEAMS IN THE FOUNDATION OF THE BRENNHAM CAMPUS STUDENT CENTER BUILDING
(B) EMPLOY FIRM TO PREPARE SPECIFICATIONS AND BID DOCUMENTS FOR THE REPAIR OF THE BEAMS AND AUTHORIZE THE ADMINISTRATION TO SEEK BIDS FOR THE REPAIRS

(A) Dr. Holt reviewed recently discovered problems with some heavily rusted beams underneath the Student Center building on the Brenham campus. He indicated this rust was due to excess moisture in the crawl space which has resulted from limited ventilation and previous venting of steam into the space. Architect Brad Cutfright reviewed additional details on the sources of the problem and recommended solutions for repairs. Mr. Jones also reported on his inspection of the beams and possible solutions. Mr. Kochech reported one additional area of damage that had been discovered since the initial inspection. He indicated that an area under an air conditioned telephone room in the building was also suffering excess rust due to condensation caused by the air conditioned space.

(B) Dr. Holt gave his recommendation that Mr. Cutfright and his structural engineer associate develop specifications for repairs and supervise the work of the contractor selected to make the repairs. On a motion by Dr. Boehm, seconded by Mr. Lange, the Board voted to hire Cutfright and Allen Architects to work with a structural engineer to design and oversee needed repairs and to authorize the administration to seek bids for those repairs.

Mr. Rusk gave his firm’s recommendation that the college accept the base bid for the concrete roadway replacement and reject the seal coating bids since the parking lot is too deteriorated to benefit from a seal coating. Dr. Holt noted that the potholes can be repaired as an add-on to the project with the
available funds (up to 25% of the base bid). On a motion by Dr. Boehm, seconded by Mr. Lacinia, the Board voted to: (a) accept the low bid for Package No. 1 (concrete roadway) in the amount of $138,022.50 from Brazos Valley Services; (b) authorize the administration to utilize available funds to repair potholes in the parking lot; and (c) reject bid Package No. 2 (seal coating).

He also reviewed an information sheet on grade point averages of students in college owned housing for the fall 2006 semester at Blinn College and comparisons to other Texas community colleges (copies of both documents are attached and made a part of these Minutes). On a motion by Mr. Jones, seconded by Dr. Boehm, the Board voted to establish a policy to be effective for the fall 2007 semester that no student with less than an 1.0 (.99 or less) cumulative grade point average after any semester be allowed to live in college owned student housing.
