He answered questions from the Board about the amount of money to be spent. Dr. Holt indicated the cost is not clear (dependent upon the time the facilities are available and funds available) but hopes to do as much as possible. He estimates the repairs will last about three years. On a motion by Dr. Boehm, seconded by Mr. Lange, the Board voted to authorize the administration to spend current year budget
funds of an unspecified amount for painting, carpeting and minor repairs on Brenham campus residence hall repairs.

ITEM 9. REVIEW AND ACTION TO WAIVE TUITION AND FEES FOR THE EARLY COLLEGE HIGH SCHOOL PROGRAM AT BRYAN HIGH SCHOOL

Dr. Pearson reviewed the background of the Early College High School, the current status of the project and a request from the Bryan ISD for Blinn College to waive tuition and fee charges for the high school students taking courses in the dual credit program. She answered questions from the Board on how the program works. She reported on a list of other colleges and high schools in the state that are operating the same program and have waived tuition and fees or provided facilities (a copy is attached and made a part of these Minutes). Under this program, the Bryan ISD is providing the facility and paying for the instructor. Blinn College will be able to claim the student contact hours for state reimbursement. She noted there was an 80 percent pass rate in a similar program in Houston. On a motion by Mr. Toubin, seconded by Dr. Boehm, the Board voted to approve the request. Mr. Toubin asked the media to note that the cost of the program and the tuition and fee waiver are not being paid by Washington County tax payers.

The Board recessed from 9:12 until 9:25 for a break.

ITEM 11. ADMINISTRATIVE ANNOUNCEMENT

Dr. Voelter reported on the following:

a. The previously approved change in the regular meeting date for the Board from the second to the third Tuesday of the month will go into effect beginning with the September meeting. Schedule conflicts of several members of the Board made an earlier change impossible;

b. The new LVN transition program on the Schulenburg campus has enrolled nine students, and a welding class on the B renham campus in May enrolled seven students;

c. The Board members are invited to attend the Washington County Legislative Forum on June 19 featuring State Senator Glenn Hegar and State Rep. Lois Kolkhorst; and

d. The establishment of the M.H. and Irene Ehlert Memorial Scholarship by Melvin H. Ehlert, Jr., Jeffrey Ehlert and Scott Ehlert in memory of their grandparents. Mrs. Ehlert taught English at Blinn and Mr. Ehlert served as the Washington County school superintendent. The scholarship will be awarded to students majoring in education who demonstrate financial need.

ITEM 12. REPORTS:
- EXISTING BOARD POLICY BD (LOCAL) ON PROCEDURES FOR SETTING THE AGENDA FOR MEETINGS OF THE BOARD
- BUILDINGS AND GROUNDS
- ENROLLMENT AND HOUSING NUMBERS FOR THE SUMMER I SEMESTER
- LEGISLATIVE UPDATE
- GOALS AND ACTIVITIES REPORT FOR THE SEALY CAMPUS FOR 2007-08
• STATUS OF THE PROPOSED DETENTION POND PROJECT ON THE BRYAN CAMPUS
• ATHLETIC PROGRAMS

Mr. Barkman reviewed current Board policy BD (Local) on the establishment of the agenda for meetings of the Board and gave a summary of the policies of several other Texas community colleges. He noted that the Blinn College policy contains apparently conflicting language as to the final authority on what items are to be included (a copy of the current policy is attached and made a part of these Minutes). The Board asked that the policy be redrafted to eliminate conflicting language and be brought back for consideration at the July meeting of the Board.

Dr. Holt reported on summer projects to repair and update Brenham campus facilities and the need to make firm decisions about the future of some of the buildings. He noted that he relies on Dr. Pearson for the list of projects on the Bryan campus. Mr. Toubin stated that the most important project on the Brenham campus would be a recreation center for students. Dr. Boehm stated his support for a recreation center. Mr. Jones asked that there be a special meeting to discuss the needs for the Brenham campus repairs. It was informally agreed that the administration would update a future facilities list and include estimated costs.

Dr. Harris reviewed preliminary enrollment and housing occupancy numbers for the Summer I semester. A copy of his report is attached and made a part of these Minutes.

Dr. Voelter reported on the actions of the Texas Legislature related to Texas community colleges (a copy is attached and made a part of these Minutes). He reported that a bill was passed that limited the number of course drops a student can take. Since the limit is cumulative of all courses a student takes at Texas institutions of higher education, the colleges are facing a major data gathering and keeping issue.

Dr. LaCour and Mr. Scott Baehren reported on the newly developed goals for the Sealy campus for the 2007-2008 school year (a copy is attached and made a part of these Minutes). Mr. Baehren noted that various government and school leaders in the Sealy area are meeting soon to discuss possible financial support for the Sealy campus. He indicated the campus will need to attract students from outside the immediate Sealy area in order to have an adequate student base. He reviewed various initiatives for workforce education, Ed-to-Go, lifelong learning etc., and reported on a summer program for young people on the Sealy campus. He noted that most Sealy area citizens indicated on a survey that they wanted the college to offer technical and workforce education and efforts are being made to offer such programs. He projected the Sealy campus could sustain an average of 200 traditional students on campus for the next two or three years. He answered questions from the Board about core curriculum offerings.

Dr. Voelter reported that the City of Bryan is again considering moving forward on construction of a detention pond on the Bryan campus. He reminded the Board that the City of Bryan would pay the cost of the project and that the college could use the site for sports activities for much of the year.

Dr. Voelter reported on the records and achievements of the college athletic teams for the 2006-07 academic year (a copy is attached and made a part of these Minutes). Mr. Lacina asked about the status of replacement of athletic director Greg Hinze. Dr. Voelter indicated that the administration is looking at assigning the task to an existing athletic staff member. Mr. Lacina also asked about the different divisions of junior college athletics. He noted that many small colleges had gone to non-scholarship athletic programs with good success. Dr. Voelter reported that Tyler Junior College baseball was now a division III school.
