ITEM 4. HEAR AND DISCUSS REPORT ON THE DEVELOPMENT OF THE SEALY CAMPUS

Mr. Scott Baehren presented an update on the Sealy campus enrollment to-date and answered questions from the Board (a copy of his report is attached and made a part of these Minutes). Mr. Baehren and Dr. Holt then reviewed revenue and expenditure projections for the Sealy campus and answered questions from the Board (a copy of the financial report is attached and made a part of these Minutes). He also reviewed the college’s marketing efforts for the campus noting the lack of Sealy area radio stations on which advertising could be carried, leaving only the expensive Houston stations.

Dr. Holt commented on the need to market the Sealy and Schulenburg campuses and the requirement for the college to make a serious marketing commitment or close the campus now. He then reviewed the Sealy campus facility lease options that have been proposed to the college by the owner together with examples of comparable lease properties (a copy of his report is attached and made a part of these Minutes).
Mr. Jones expressed concern that the college has lost about $1,000,000 at Sealy and could lose almost $200,000 more if it continues the current lease and operation. He pointed out some of the many physical plant needs of the Brenham campus that could have been addressed with the money that has been spent on the Sealy campus.

Mr. Toubin stated his belief that there remains a good potential for the Sealy campus to succeed and the college should make a serious marketing effort beginning immediately for the fall 2008 semester. Mr. Lange expressed concern that the college does not have a commitment of support from the Sealy community. Judge Carolyn Bilski asked permission to address the Board. She stated that Austin County was actively looking at ways to support the college including a maintenance tax or joining the college district if that option was acceptable to the Board. She noted the need for the college to improve its marketing efforts in Austin County. She pledged to assist the college in making its operations in Austin County viable. Mr. Thielemann stated he pledged to seek donations and grants in Austin County to support the Sealy campus.

Dr. LaCour noted that college staff believed a marketing plan was essential. Dr. Harris pointed out the college must in any marking effort be able to provide what it claims to offer.
