REPORTS, ANNOUNCEMENTS, AND OTHER NON-ACTION ITEMS:

ITEM 17. REPORTS:

- BUILDINGS AND GROUNDS

Mr. Richard O’Malley reviewed the building and grounds report for the Board (a copy of the buildings and grounds report is attached and made a part of these Minutes).

**Bryan Campus:**

- Allied Health HSC Campus - We have moved into the new building and we are functioning in all five of the Allied Health Divisions located on this campus. There are a few punch list items to be resolved, as well as, a few operational issues to be worked out. From a facilities standpoint, this project should be completed in full by the end of October.
- Building E, Student Center - This project has been put on hold for the summer, although we have incorporated some very minor wall adjustments in this space to provide a more user friendly space for the students.
- Building H (presently, the Allied Health Building) - This project created the use of nine new classrooms for the Humanities, Natural Sciences, Mathematics, Fine Arts, Social Sciences, Fire Science, and Vet Tech programs. The design of these improvements was completed in-house by the Facilities Department, which provided both a savings from the design fee perspective and a savings from the time perspective to meet the deadlines. The project is substantially complete, except for a few punch list items. The contractor on this project (Madison Construction) did a very good job and would come highly recommended on future projects.
- Central Plant - Chiller #2 replacement project bid on May 26th and we received bids from six contractors. ACO Mechanical from Bryan, Texas, was the low bidder and a contract has been awarded to ACO Mechanical for $586,515.00. The chiller portion of this project is complete and operational. There are still pumps, compressors, and ice tanks to be installed. The project should be complete by the end of October. FY 2011-2012 the Central Plant will need a plan to correct ice tank #3 and improve the controls to further enhance the plant efficiencies and lower the electrical usage.

**Brenham Campus:**

- Student Housing - The project is substantially complete and the students have moved into the rooms. There are still punch list items and operational training items that need to be completed. The project should be closed out by the middle of November.
o Central Plant - Next FY 2011-2012 we will need to start an improvement plan for the buildings on chilled water loop “zone 3 and zone 2” by adding controls and frequency drives to better regulate the water flow. These improvements will enhance the efficiencies of the chilled water system and lower our overall electrical utility usage.

o Band Hall - The project is substantially complete. There are a few punch list and operational issues to resolve and these should be completed by the end of October.

o Band Hall - There are two projects that were not included in the original design of this expansion that will need to be completed this year: 1) Exterior Signage - we are developing plans in-house for the exterior signage for this building, and 2) Sprinkler System - there were no plans in the original design for a sprinkler system; however, these plans are being prepared and we will be seeking bids from contractors for the installation of a sprinkler system. Both of these improvements will be paid for from budgeted funds in the R&R Budget.

o Agriculture Shop Facility - Complete.

o The Ag Classroom Building - The project is substantially complete. There are a few punch list and operational issues to resolve and these should be completed by the end of October. There are items including the fencing, sprinkler systems, and exterior signage that still need to be completed on this project. The funds to pay for these improvements are included in the project budget.

- ENROLLMENT AND HOUSING OCCUPANCY FOR FALL 2011

Mr. Kenjura pointed out a 2.69% increase in head count but a 4.46% increase in contact hours (copies of the Blinn College Registration Numbers and Housing Occupancy Report for Fall 2011 are attached and made a part of these Minutes).

- PROSPECTIVE STUDENT RELATIONS & COMMUNITY OUTREACH

Ms. Jennifer Bynum reviewed the formation and purpose of the Prospective Student Relations and Community Outreach Department. She explained the focus of the department.

- HEALTH SCIENCE CENTER

Dr. Brick reviewed the recent move into the Health Science Center Campus. He anticipates 550 students by Fall 2012. Dr. Brick invited the Board members to tour the facilities.

- PRESIDENTIAL SEARCH

Mr. Borchardt reported on the on-campus interviews and corresponding feedback/surveys for the Presidential Search. The Board has taken great care to review all feedback in considering the decision.

Mr. Kenjura thanked Mr. Borchardt for his leadership and service as Search Committee Chairman.

ITEM 18. ADMINISTRATIVE ANNOUNCEMENTS:

- NEWLY ENDOWED SCHOLARSHIPS

Mr. Kenjura announced the following (a copy of the Newly Endowed Scholarship is attached and made a part of these Minutes):
